B. The field survey was made at the site during the period 15 to 17 June 1953, and subsequently various data was obtained from the Office of Training at Headquarters.

C. This is a second periodic survey. The first survey had been made in September 1952, and its report had contained various recommendations for the improvement of the security of the project. In October 1952 a fire and safety survey report by the Safety Officer of the Physical Security Branch of the Security Division, also made various recommendations for improvements at the project.

II. SUMMARY OF FINDINGS:

A. Matters Covered in Previous Report:

1. The Office of Training, both at the project and at Headquarters, has displayed an earnest endeavor to comply with, or otherwise meet, the recommendations made by the Office of Security in its previous reports. By memorandum of 6 January 1953 the Director of Training advised of action which had been taken as to the recommendations of the first security inspection survey, and these were the first matters of inquiry of the instant survey.
